| VAREL MR 2734 Ref.Sh. L 2. Wilhelmshaven. 1:100,000 Germany. | 16th Jun. Sat. | | Weather - showery and cool. This was a quiet day within the Bn In the evening a special guard platoon composed of men from each of the rifle coys. participated in a ceremonial "Retreat" in the town square of VAREL. The guard commander was Lieut. R.C.BYERS. The massed pipe band of the 2nd. Cdn. Inf. Div under Pipe-Major E.J.PEDEN of the BLACK WATCH, played at the ceremony. In the absence of the Commanding Officer, Maj. V.E.TRAVERSY, and the 2 i/c, Maj. C.S.MACLAREN, both of whom were visiting the U.S. troops in NORDENHAM, the salute was taken by Maj. E.S. DUFFIELD, A Coy. Commander. The bright sunshine of the evening and the exceedingly smart appearance of the men made this a most impressive ceremony. Spectators from the CALGARY HIGHLANDERS and the REGIMENT de MAISONNEUVE, as well as this unit, thronged the town square, vying with the civilians for points of vantage. At the movie in the cinema in the town this evening the Canadian News featured Investiture at Buckingham Palace and on the screen we saw Sgt. BLAKE, V., D 82913, recipient of the M.M. upon that occasion, absent from the Bn. since last October when he was wounded at GOES, in South Beveland, Holland. We were happy to see that he is apparently enjoying good health again. | y 1 |
| | 17th Jun. Sun. | | Weather - fair and warm. Voluntary Catholic and Protestent Church Parades were in effect at 1000 hrs. this morning. The latest issue of the Bn. paper was issued today. The policy of this periodical has been changed, and it is now the intentic to appear weekly with adwance notices of events scheduled for the forthcoming weekto deal in the future rather than in the past. Word received from our Guard Coy. at BATHORN gives us a clearer picture of the situation there. In the camp there are men of the two Yugo-Slav factions, about 1500 adherents of Marshall Tito and 400 followers of General Mihaelovitch. Statting about one month ago a slight antagonism developed between the two sides, manifested mostly by battles of words. On the day our men took over, however, one side had hoisted its flag, only to have it torn down and destroyed by the opposing faction. Feelings were running rather high at the time, and although there was no blood spilt it was deemed adviseable to keep our men on the alert all that night. The show of force made its influence felt as during the rest of the stay there were no untoward incidents. Prior to our arrival guard duties had been in the hands of one Colonel, two Subalterns and ten men of the British Army. | on - |

| MR 2734. | 21st. Jun. Thur. Contd |) | BATHORN LAGER is a camp of Polish slave labourers. Members of both sexes dwell in this camp and each day sees at least one wedding. Today a new high was reached when twelve weddings were celebrated. To the evening festivities which follow the weddings it has become the custom of the people to invite two or twelve of our men, and again tonight some members of our force attended the gathering. Since the return of 25 men to the Bn. the recreational transport to Holland has been discontinued. The Yugo-Slavs, many of whom speak fluent German are permitted out of the camp - bearing an identification card - from 0730 hrs. until 2330 hrs. daily, and through their knowledge of all the farms and the farmers in the district the members of the camp are in no way lacking for food. Every few nights they hold special dinners, never failing to include a party of our men on their guest list. Some of our men are daily able to enjoy a swim in the canal nearby - the warm weather making this feature very popular. About two miles from BATHORN LAGER a memorial has been erected to at the site of the mess grave of 9000 Poles and Russians who died in the prison camps. | |
| | 22nd. Jun. Fri. | | Weather - showery. A deputation of Officers and NCOs. attended a meeting at Bde. this morning to discuss with the lst. Cdn. Field Research Unit the infantry weapons problems. At 1600 hrs. an Intelligence meeting was called at Bde. to lay on a rout for an Armoured car patrol around the Bde. area from dusk until dawn each night In the evening the senior officers from the CALGARY HIGHLANDERS and the REGIMENT de MAISONNEUVE were the dinner guests of our senior officers. After the meal they joined the rest of the unit at a Boxing Show held at Sp. Coy's. Sports Field. Some excellent bouts were on the card. CSM A.F.TURNBULL, D82922 refereed all the bouts and received the cheer of the evening when in the last bout Cpl. WATSON, A!C, D81613 loosed a blow which missed its mark and landed on the chin of the CSM The appearance of our officers attired in the kilt appealed to the risibilities of the inhabitants of BATHORN LAGER - none of whom had ever seen this dress before. Strangely enough, about three-quarters of these people are in no great hurry to leave the camp and return to Yugo-Slavia. In their stay in the country many of them have learned to speak the language and are now very friendly with meny of the people in the district. In addition the camp is conducted in such an orderly fashion, and the facilities enjoyed are so numerous that in all probability many of the inmates are living under better conditions than they would at home in Yugo-Slavia. | · Man) |

| | 24th. Jun. Sun. | | Weather - fair and very warm. Voluntary Protestant and R.C. Parades were held this morning. In the afternoon we lost a softball game, 4 - 3, to a team from the U.S.Army. In the evening 26 reinforcements atrived. Among the 1900 inhabitants of BATHORN LAGER is one woman. She is about 23 years of age, and according to one of their officers was the top guerilla fighter in his unit. Steps were taken to remove her to a woman's camp, but she refused, remaining adament in the face of all the persuasions of the English Colonel. She contended that she had lived, fought, and been captured with these men, and would remain with them until they all returned home together. She asks and receives no special consideration from her companions | d 20. 1 |
| | 25th. Jun. Mon. | | Weather - fair and very warm. The reinforcements were despatched to the companies this morning. A Coy. is Duty Coy. this week and has every man employed on Bn. duties, having to borrow three men from B Coy. for guard duty.
