8/RHC/1

Gradation List of Officers
1st Bn, The Black Watch (RHR) of Canada

1. SW 6-1-5 dated 28 Apr 42 minuted forward through normal channels received.

2. (a) Lieut-Col James Buchanan WEIR has not been SOS to CB Highrs as yet although commanding that unit. It is expected that the Order affecting this officer will be promulgated shortly, when he will be included in the Gradation List for the CB Highrs and deleted from the Black Watch.

(b) Capt Robert Boyd SOMERVILLE was only transferred to the CB Highrs RO.1993. It will be noted that the Gradation List as forwarded by this Headquarters 16 Apr 42 only included CAORO.1802.

Distribution

LINE RECEIVED

(c) Major Stuart Stephen Tuffnell CANTLIE has been retained in Canada and appointed to the 4th Cdn Armoured Div. The ruling is that where officers are appointed to Regimental posts, Staff appointments, Permanent Establishments, District or NDHQ appointments, they cease to be carried on strength of the UK.

LINE OF ORIGIN

(d) Major Herbert Emil Theodore DOUCET should have been included in the Gradation List. This officer is on loan to Canada and insofar as it is known at the present time will return in due course. His position on the Gradation List will be immediately following that of Major Henderson, 19 May 41.

(e) Lieut James Wentworth BUCHANAN is understood to have returned to Canada but has not been SOS UK. As soon as the necessary Order is promulgated his name will be removed from the Gradation List.

CONDUCT OF RANGE PRACTICES - RHC

No 9 Pl - Lt Robinson:

Pl comd had a good knowledge of weapon trg and the details were handled well; even so the results were NOT as high as they should have been. Much can be blamed on the weather. However, of 17 men firing 7 failed to qualify in the 1st practice and 9 in the second. Previously all but one man had qualified in both practices. Once a man qualifies trg must ensure that his standard is maintained in practically any weather conditions.

No 11 Pl - Lt Fox:

The results in the second practice were NOT satisfactory. Of 21 men firing 15 failed to qualify in the test - of these 11 had qualified beforehand. The pl comd handled his details very well indeed and his knowledge of weapon trg was good. However, it is evident that further trg is necessary for the pl to remain at the required standard.

No 18 Pl - Lt Duffield:

The pl comd knew his work well and the details were handled satisfactorily. Unfortunately the weather was NOT at all conducive to good firing; this largely accounted for the low scores. Even so it can NOT be stressed too strongly that men must be able to hit the target under any conditions.
